INTO THE EVENING

It is really great when families get together and the chance for them to meet your friends, and enjoy each others company, can be provided at an evening celebration following your wedding reception.

We are happy to assist with all the arrangements including a selection of music, either a mobile disco or a live band, an evening drinks package if required and the provision of a buffet.

The buffet we list below has proved to be popular and practical for this type of occasion. Many of your guests will have been to the afternoon event or eaten earlier in the day and we recommend that you do not provide this buffet for exact numbers. When we know your timings, number of additional guests and the number of guests departing before the evening buffet is served we will be able to advise you on the correct size of the buffet.
